Description  
In the study this quarter, we focus on justice as presented in Scriptures from the major and minor prophets. The prophets communicated God's will to the people. They called for repentance and justice. Our studies journey with the prophets as they issue God’s call for justice in the conduct of human affairs; they convey that the laws of God require justice for the poor and the oppressed; and we’ll see the responsibilities of leaders for practicing justice;

This 12-week study shows us God’s rigorous standards for justice are defined and God’s people are given a choice either to repent injustices by executing justice or to face destruction, and how the prophets used early history to call the people to love and justice.

We will look at Scripture, share testimonies, and encourage group discussions to open our understanding of the ways in which we can now live as responsible citizens of God’s kingdom, empowered by the Holy Spirit, with transformed attitudes, world-changing influence, and a discernment to view the world from the perspective of the Lord Jesus Christ, our King.
